

Summer 2016 Herbal Medicine Programs

The Human Path/Herbal Medics University

DOULA CERTIFICATION PROGRAM

Our Doula certification program combines practical real-life training with critical emergency childbirth skills. Students cover extensive curriculum of pregnancy, birth & postpartum care along with herbal support for women during pregnancy. This is paired with Emergency Birth Worker training to assist in situations of imminent need such as natural disasters or other emergencies where there is no other higher care available.

BEGINS AUGUST 9TH ONLINE

LOCAL HERBAL CLINIC EXPERIENCE

Get valuable experience working with the San Antonio local community clinics. Limited to 6 students per clinic. **7/19, 7/22.**

WILDERNESS HERBAL FIRST AID CERTIFICATIONS.

3-Day WHFA trainings will be held in Virginia, Colorado & North Carolina this summer. Completion of a WHFA certification is a requirement of several of our herbal medicine programs.

THE APOTHECARIST PROGRAM, FALL 2016.

Take the next step in learning intermediate medicine making skills, federal regulations around selling herbal products, labeling, setting up an apothecary & lots of hands-on class experience working with new herbal materials.

BUNDLED TUITION DISCOUNTS FOR FULL PROGRAMS ARE AVAILABLE BY CONTACTING SUCHIL@THEHUMANPATH.COM

CLASS DATES, COURSE INFORMATION, REGISTRATION

GET HANDS-ON TRAINING AS A WORKING HERBALIST IN A COMMUNITY IN NEED!

Each year we offer several clinical training opportunities to students who want to take the next step and learn everything from how to set up a clinic to taking a client's intake, running an apothecary and more. We give a rare opportunity to work directly in the communities with the most need, to offer education, on sustainable solutions to health problems, assistance and student-run herbal clinics.

Fall Clinical Week – Coal River Valley, WV

Work with a severely under-served population in a coal mining town that has been dramatically impacted by polluted air, groundwater and resulting illness.

SEPT 12 – 16TH, 2016. Limited students spaces available.

This clinical experience is open to students to apply for, who are enrolled in or have completed The Herbal Medic Basic course.

Lodging and meals are included in tuition.

THE NERVOUS SYSTEM FOR HERBALISTS [ONLINE 4 WEEK CLASS]

Sciatica. Neuralgia. Parkinsons disease. PTSD. Insomnia. These are only a few conditions that can be rooted in nervous system disfunction. This 4-week online class dives into how the nervous system works, diseases that affect it, and how herbal medicine can help. **BEGINS JULY 4, M/W EVENINGS.**
