

Fall 2016 Herbal Medicine Programs

The Human Path/Herbal Medics University

SKILLS FOR HERBALISTS, A 5-DAY INTENSIVE EXPERIENCE, NOV. 10-14

Botany and wildcrafting. Horticulture and sustainable gardening. Clinical assessment and nutrition. Intermediate herbal post disaster medicine for remote environments.

Held on our 50-acre campus in San Antonio, students will get 5 days of concentrated training in skills that will help them become more comprehensive, confident herbalists.

THE EMERGENCY CLINIC: ORGANIZATION & MANAGEMENT

12 week online course that covers everything from the set up & management of a clinic, dealing with the public, lost persons reports, mobile teams & dispatch, clinic security, triage care & a lot more. Each class is packed with information on how to cover all the basics of operating a successful emergency clinic.

BEGINS SEPT 22ND, THURSDAYS, 7-9 PM, CENTRAL TIME.

DOULA CERTIFICATION PROGRAM

Our Doula certification program combines practical real-life training with critical emergency childbirth skills. Students cover extensive curriculum of pregnancy, birth & postpartum care along with herbal support for women during pregnancy. This is paired with Emergency Birth Worker training to assist in situations of imminent need such as natural disasters or other emergencies where there is no other higher care available. **BEGINS SEPTEMBER 12TH ONLINE.**
